MAMMOTH AUDIENCE CHEERS GOVERNOR HARMON

**Denies C. H. & D. Evaded Taxes or Gave Rebates
While He Was Receiver---Says Roosevelt
Juggles With Facts and Citizens of
Ohio Cannot be Fooled.**

Sandusky, O., Nov. 7.—Governor Harmon struck back at Colonel Roosevelt Saturday night in the closing speech for the Democrats of Erie county, and he struck straight from the shoulder. Words were not minced, and the audience that packed the Sandusky theatre was with the governor from the time he was introduced until he had finished his address. The meeting was the most enthusiastic of the present campaign and although Governor Harmon put in one of the hardest days of the campaign, he spoke with great earnestness and feeling for more than an hour and a half. The throng waited for more than two hours for him to reach the theatre, the attack of Colonel Roosevelt at Toledo having reached the city long before the governor, and something was expected in reply. The great crowd was not disappointed. The governor took up the question immediately and said that the stenographic report of the speech was far different from that which was carried in the press of the state Saturday evening, and charged Colonel Roosevelt with talking on a question of which he knew nothing.

Governor Harmon's Speech. The governor said in part as follows: "With his usual recklessness, Roosevelt talks about a matter of which he hasn't the slightest knowledge and makes what can only be wilful mis-statements on matters with which he had to do. I have publicly said again and again that not a dollar of taxes was evaded nor a single rebate in any form paid while I was receiver of the C. H. & D. railway, and my statement is corroborated by Mr. Thomas, the general traffic manager; Captain Rifenberck, the officer in charge of the tax department, and Harrison R. Wait, the solicitor of the railroad. "The statements to the contrary are downright lies concocted by a legal satellite of George B. Cox, for the purpose of repetition by my opponent, who has fully obeyed his master by retelling them on the stump, paying no notice to the facts stated by myself and the officers above named. He is quite willing to get votes by false pretenses. "No interests in property. "As I was a court officer with no interests whatever in the property, I had no motive to deprive the state

of any lawful taxes and could not have done so if I had wished, as the case in which I was appointed is still kept open in court to see that all obligations are paid: "Mr. Roosevelt's word is not good enough to add anything but wider circulation to these lies and he ought to be ashamed to do that. "The government had obtained an injunction against the practice of rebating in which the Santa Fe Railroad company was engaged. The interstate commerce commission reported that the railroad company had continued the practice in favor of the Colorado Fuel & Iron company, one of the most offensive trusts in the country. "As Paul Morton, then a member of Mr. Roosevelt's cabinet, had been the head of the traffic department of the railroad during the period covered by the report, Mr. Roosevelt appointed two Democratic lawyers, F. H. Judson and myself, to investigate and report what course should be taken. "After careful consideration and reading the evidence taken by the commission, we advised that the injunction had been violated, the period of offense had been two

STRAIGHT PARTY VOTE IS FOR CONSTITUTIONAL CONVENTION

Many voters are not clear on the constitutional convention question which appears on the official ballots to be voted Tuesday. The question appears first in the very first column of the ballot, at the top, and takes a column all to itself. Then it appears again down toward the middle of the Democratic and the Republican tickets. The repetition is confusing. The reason why the question appears with the Republican and Democratic tickets is that the conventions of both these parties ratified the proposition of holding a constitutional convention. The law provides that when the convention of a party so ratifies such a proposition it shall appear as a part of the party's ticket and shall receive a vote for every vote cast for that party. Thus every voter who puts a mark under the rooster or the eagle, necessarily votes to have a

constitutional convention, unless he takes the trouble to draw a line through the word "yes" appearing just below the convention question and write in the word "no." It can be seen from the foregoing that the necessary majority vote for a constitutional convention is assured, no matter how many voters care to vote for or against the proposition, as stated in the first column. The position of the convention question in the Republican and Democratic tickets insures its carrying. It will become the duty of the legislature this winter to set the date for the constitutional convention and to prescribe the manner in which the delegates thereto shall be selected. Many believe that the method of direct popular selection should prevail while others hold to the convention plan. Anyway, a convention to change the constitution is a thing certain.

years, and rebates amounted to more than \$1,000,000, and that both in law and in fact, the officers in charge of the traffic department were responsible. "We therefore recommend that a rule be taken requiring these officers to show cause why they should not be punished for contempt of the injunction. We did not name Mr. Morton or any officer but recommended proceedings against them all alike. The president, after much shilly-shallying delay, and insistence on our proceeding against the corporation only, and none of the officers, finally flatly refused to allow us to take any other course. "We then both resigned because we considered that such a course would be a mere mockery of justice. In that connection, we urged the phrase 'guilt is always personal.' "Thereupon Mr. Roosevelt directed the attorney general to proceed against the corporation alone and a subordinate in the department of (Continued on Page 9, Col. 2.)

GENERAL STRIKE OF ALL DRIVERS

New York, Nov. 7.—Local union heads went into executive session today determined to either force peace with the express companies or tie up every wheel in the city. One thousand taxicab drivers quit today. Other drivers are ready to quit. The first effect of a general strike will be felt in the skyscrapers for the coal drivers will go out to a man and the daily fuel supply of the office building will be cut off. The police fear a coal drivers' strike. These men are a husky bunch and can conduct a beautiful riot. Express wagons on the streets today bear signs reading: "This wagon is engaged in interstate commerce only." In the event of further trouble the companies will call for federal protection.

Rob Bank of \$4,000 Under Eyes of Deputy Sheriff Standing Within 100 Feet of Institution.

Toledo, Nov. 7.—Four yeggs blew the vault of the Home Savings bank at Metamora, 22 miles west of here early today, and escaped with \$4,000 in cash. The robbery occurred under the eyes of Deputy Sheriff Wheeler, who with a companion stood 100 feet from the bank and made no effort to capture the robbers until they came out. A score of shots were fired. No one was hit and the robbers got to Toledo by means of a horse and buggy and a handcar.

SULLIVAN FOR WOMAN'S SUFFRAGE

New York, Nov. 7.—Big Tim Sullivan today astonished his Bowery constituency by a speech in which he said he would return to Albany and work for a law that would send gun-toters to prison, and would also advocate woman's suffrage.

EXPLANATORY TRUTH FROM AUDITOR RILEY

We desire to make a few statements in regard to those parts of the minority report of the Board of Appraisers which refers to the commissioners and county auditor.

This report has not been filed in the county auditor's office as was stated in the report published in the American Tribune and Advocate of last Saturday.

In the second place the maps which the report says were delayed to the great inconvenience of the work of appraising were contracted for by the Republican Board of commissioners and were made in accordance with that contract.

The present board of commissioners had nothing to do with that contract.

That part of the report which criticises the commissioners and county auditor for not taking charge of the book of the Board of Appraisers, needs only a word of explanation to show how ridiculous it is.

Anyone that knows anything about the law at all, knows that the commissioners and county auditor have nothing to do with this work at all until it is finished, except to pass on the orders for the salary of the appraisers and to appropriate money necessary for the completion of the work. Now this work was not finished on the 1st of July. True the appraisers themselves were through drawing salary at that time, but the clerks have not yet finished the work of reporting to the property owners.

The law expressly says that this must all be done under the direction of the Appraisers.

It is not done under the direction of the commissioners and county auditor.

The report cannot be received by the auditor until it is finished.

Three wards are finished and were taken in charge by the auditor and turned over to the Board of Review immediately upon their completion. Let the Appraisers do the work the law requires of them and we will take care of the rest as soon as opportunity presents.

Why should this report appear just at this time anyway? It has been quite a while since the 1st of July. If Mr. Johnson and Mr. Hayes felt that great injustice had been done, why did they not say so then? Why wait till just a day or two before election and then attack the commissioners and auditor who are candidates for re-election, unless it be that they knew that there would be but little chance for defense?

Why did the American Tribune print a false and malicious statement a few days ago to the effect that the county would lose the state school tax on account of the delay of the auditor.

This statement is false because the county will not lose the school tax and the A.-T. knew it would not when it printed the article. Again it was no delay on the part of the auditor, because the report was sent immediately after receiving the reports of the townships, and as has been said before, the last report came from a Republican school clerk.

All we ask is fair treatment. We don't believe in election eve scandals. These efforts are mean and contemptible and have no other purpose than to deceive voters.

Reader, we leave it with you to decide whether these cowardly attacks are commendable.

C. L. RILEY,
County Auditor.

CRIPPEN GETS RESPITE FROM HOME SECRETARY

**American Dentist Granted Two More
Weeks of Life By London
Officials**

**Was to Have Been Executed Tomorrow---Over-
joyed When He Hears the Glad Tidings---
American Government Will Not
Act in Case.**

London, Nov. 7.—The date for the execution by hanging of Dr. H. H. Crippen, murderer of his wife, Belle Elmore, the music hall singer, will be today postponed for two weeks or more. Though no definite date has been set it is probable Crippen will die on Tuesday, November 22. The day originally fixed was tomorrow.

The postponement was ordered officially by the home office which is taken by many to indicate that Home Secretary Winston Churchill will at least give the case a thorough hearing before he allows Crippen to go to the gallows.

Later in the day it was semi-officially announced that the execution would take place on Wednesday, November 23, unless the home secretary shall decide to grant a commutation or pardon to the wife murderer. At Scotland Yard, it was said that the postponement of the execution had nothing to do with the Philadelphia report that Mrs. Crippen is alive and hiding as the result of a fiendish plot to send her husband to death. The authorities declare that they had not heard of

the rumor, nor had they heard of the offer of Dr. Munyon, the Philadelphia patent medicine manufacturer, to pay \$50,000 for information leading to the discovery of Belle Elmore alive.

Solicitor Newton, who has represented Crippen ever since the latter was arrested at Father Point is busily engaged with the other lawyers in drafting a petition to Home Secretary Winston Churchill asking either that he grant an unconditional pardon to Crippen or that he commute the sentence to life imprisonment. Acting in the king's name, the home secretary is now the only official who has the power to save Crippen from the gallows. While it is believed Churchill will investigate the case thoroughly, it is hardly likely he will interfere to save the prisoner. It is against precedent in England for the home secretary to intervene when a jury has found a prisoner guilty and the court of criminal appeal has sustained the verdict. Unless, therefore Crippen's lawyers can bring to light a great deal of hitherto unrevealed evidence (Continued on Page 2, Col. 2.)

HARDING'S CHANCES KILLED BY ROOSEVELT

Zanesville, O., Nov. 7.—Straw votes taken today on trains between Buffalo and Cleveland, gave Harmon 116, Harding 53; between Delaware and Columbus, Harmon 89, Harding, 31; between Newark and Zanesville, Harmon, 46; Harding, 11.

From New York to Columbus on every hand is heard disgust for Roosevelt and many voiced the opinion that Roosevelt's trip to Ohio killed absolutely what little chance Harding had of being elected.

In New York, Dix's election which is sure to follow, will be a direct slash at the strenuous leader.

HARMON WILL CARRY CUYAHOGA COUNTY

Cleveland, Nov. 7.—With the best of the Roosevelt meeting of Saturday night history and its effect measured and analyzed, Cuyahoga campaign leaders agree that Governor Harmon will carry this county. The Democratic leaders claim he will carry it by from 8,000 to 15,000. Most of the Republicans concede, privately, a majority for Harmon in the county of at least 10,000.

A. N. Rodway, chairman of the Republican county committee, issued this formal statement last night: "Cuyahoga county will elect the Republican county ticket."

Newton D. Baker, active head of the Democratic organization, refused to make any forecast, save to say that from information he has received, he believes that Harmon will have a big majority over Harding and that the entire Democratic county ticket will win.

"I know no more about it than any one else," he said.

Baker, in refusing to be specific in an election forecast, is emulating the example of Tom L. Johnson, who always refused to present figures in estimating the result of an election. There is considerable doubt as to what will result from the election as far as the county ticket is concerned.

The result depends on the vote Jud Roosevelt meeting of Saturday night history and its effect measured and analyzed, Cuyahoga campaign leaders agree that Governor Harmon will carry this county. The Democratic leaders claim he will carry it by from 8,000 to 15,000. Most of the Republicans concede, privately, a majority for Harmon in the county of at least 10,000.

Charles P. Salen, in a forecast on the outcome, predicts a sweeping Democratic victory all over the county.

"Of the pivotal states the Democrats will carry New York, Connecticut, Ohio and Indiana," says Salen. "Harmon will carry at least 70 of 88 counties in the state. His plural vote will be between 40,000 and 50,000. There will be a Democratic majority of at least 15 on joint ballot in the next legislature. "The Democrats will elect at least 15 congressmen in the state. Both the Twentieth and Twenty-first districts will be very close. There may be an even break. In Cuyahoga county Harmon will have at least 5,000 plurality. The Democratic legislative ticket will be elected, but the result of the county ticket is likely to be mixed."

ADVOCATE SCREEN WILL SHOW ELECTION RETURNS

The Advocate will receive the election news tomorrow night, complete returns from the county and state election and from states throughout the union. Bulletins will be thrown upon a large screen in front of the Advocate office. You are invited to be present.

WOULD YOU LIKE TO FEEL BETTER?

Dr. Boyd Tonic the Health Builder is All That Thousands Need to Get Well

Health Returns in Less Than Two Weeks

A lady residing on West 12th Street, Cincinnati, writes:

"I have been using The Dr. Boyd Tonic less than two weeks, and it is giving the best of satisfaction. I was very pale and nervous, no color at all in my face and very thin. My eyes were so hollow and sunken, I was hardly able to do anything. I can see such a great change already. I have a good appetite and am getting over my nervousness and now have a good color in my cheeks and sleep well. I am gaining in flesh rapidly and feel so much better. My eyes are getting brighter and I feel brighter,

with more strength. I am very grateful, for I have tried so long to get well."

This lady was in a serious condition. Yet, The Dr. Boyd Tonic gave her a remarkable benefit. It not only gave her its splendid tonic effects, but increased the supply of blood and corrected the impaired circulatory system. The lungs, liver, stomach and brain are always affected or endangered by obstructed or weakened blood supply. The Dr. Boyd Tonic not only improved the quality of the blood, but the whole nervous system was built up. Digestion and assimilation was helped, and rapid recovery speedily followed. Dr. Boyd Tonic, the Health Builder, is for sale by leading druggists, but you may have a 3-day free trial by simply sending your name and address to The Boyd-Jones Co., Dept. 411 Elmira, New York.

There was a large number of guests at the dancing party given Friday evening in the United Commercial Travelers' hall in Columbus by the Orr, Brown and Price club on Friday evening.

Among those enjoying the club's hospitality were Misses Elizabeth Devlin, May Callahan, F. P. Woodcock and Eugene Garrity.

The marriage of Miss Ruth Charles and Mr. George Killworth, Jr., took place at 2 o'clock Monday evening in the parish house of Trinity church. Rev. Mr. Steadman conducted the ceremony, after which a wedding supper was served at the bride's home. The only ones who witnessed the marriage were the bride's mother, who gave her away; a sister of the bride, Miss Clara E. Charles and Mr. Fred R. Price. Mr. and Mrs. Killworth were the first to be married at the new altar in the parish house, as it was just finished that day. The bride is the daughter

of Mr. and Mrs. Fred Charles of 56 West Maynard avenue, and the bridegroom is the son of Mr. and Mrs. George Killworth, Sr., of near Newark, formerly of Columbus. Mr. and Mrs. Killworth were attendants in the wedding recently of Mr. and Mrs. Mont Orr of near Newark. Mrs. Orr is Mr. Killworth's only sister. Mr. Killworth has been connected with the Panhandle shops for 10 years. He and his bride are at home at 56 West Maynard avenue. Mr. and Mrs. George Killworth, Sr., will give a dinner, November 13, for their son and his bride.—Ohio State Journal.

The Philoxenian club was entertained Saturday afternoon by Miss Helen Banton at her home in Buckingham street. The afternoon was pleasantly spent in sewing and music, at the close of which refreshments were served the members and following guests: Misses Lena Anderson, Ethel Wood, and Miss Galbraith of Denison university.

The club will meet November 19 with Miss Mary Danner.

The Monday Talks held the first meeting of the present season at the home of Miss Jessie Robbins in Buena Vista street this afternoon. The calendar program is as follows: We Give You a Toast, "The Monday Talks"—Miss Jessie L. Robbins. The German as He Is—Mrs. Roderic Jones.

Cincinnati and the National Federation Meeting—Mrs. Besuden.

The Kudrillo Klub was entertained last week by Miss Lydia Smith at the home of her sister, Mrs. John Nichols in Buena Vista street. The event was a Halloween celebration and the house was appropriately decorated. The guest of the club was Miss Russel.

The Silent Circle of the King's Daughters and Sons, will meet this evening at 7:30 o'clock instead of Tuesday, with Mrs. Joseph Roher, corner of Woods avenue and Hoover street.

Y. M. C. A. ACTIVE IN OHIO COLLEGES

Forty-three Per Cent of Attend ants Members Last Year.

The opening of colleges and universities throughout Ohio in the early fall of the year is accompanied by the opening of Y. M. C. A.'s in each such institution. The activity of the Association in connection with college work is scarcely appreciated by the outsider. Last year 3,800 or 43 per cent of the entire enrollment of Ohio colleges were members of the Young Men's Christian Association. From this figure it is easy to see that the Y. M. C. A.'s appeal to a far larger class than those who are expected to devote themselves to church work.

Not only is Ohio the mother of presidents, but it is also rapidly becoming the mother of state college secretaries, and even international Y. M. C. A. secretaries. Two Ohio boys are now international student traveling secretaries. In addition to this Ohio has furnished state traveling secretaries for college work in the following states: Minnesota, Iowa, Indiana, Pennsylvania, Massachusetts and Rhode Island. The compliment in the last two states is particularly marked, as Massachusetts and Rhode Island have long prided themselves on their educational institutions.

Overseeing this work in addition to the Secretaries directly sent out by the Y. M. C. A.'s are the heads of several of the leading schools of the state. Among these are Dr. W. O. Thompson, President of the Ohio State University, and Dr. Emory W. Hunt, President of Denison University. These men give much of their time to committee meetings, and to the general oversight of the work and living of the young men who come to their schools.

The College Association enters the life of the boy when he first leaves home, and through its employment department, its room registry, its receptions and activities in behalf of the new student, becomes a real factor in his college life. It is the student Young Men's Christian Association that directs the religious work and the social affairs of the college man. Association work in college needs special supervision, because the entire student body changes every four years and new leaders must be developed who will take a brotherly interest in the lower classmen as they come to college so ready to look up to the upper classmen who have "done things." The fact that the Association has enlisted the active leadership of the best athletes and the social leaders accounts in no small measure for the success of the Ohio student associations.

LOOSENS TIGHT COUGHS.

Home-Made Cough Syrup.

Here is the cheapest and most powerfully effective cough cure known to medical science. Buy of your druggist (or have him order it from the wholesaler) two and one-half ounces of essence mentho-laxene. In the package is full directions for making a splendid laxative, curative cough syrup. This amount makes a full pint at a saving of from \$2 to \$3 as compared with ordinary labeled cough syrups, and it is really better to cure because it rids the system of the cold and cough by its laxative action.

It is no trouble to make, just buy the mentho-laxene and make a syrup according to directions accompanying. This is the formula:
Essence mentho-laxene.....2½ Ozs.
Granulated sugar.....13½ Ozs.
syrup.....13½ Ozs.

Directions tell how to prepare the syrup at home. It is certainly a blessing for old people and loosens the tightest cough in an hour, while children like to take it, and it prevents pneumonia, fever and other complications by its tonic and laxative action; fine for any throat or lung trouble, and you can actually feel it working and penetrating the tissues of throat and lungs with its curative properties.

SAYS QUININE WILL NOT CURE A SEVERE COLD

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs. It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

WORK OF Y. M. C. A. STATE COMMITTEE

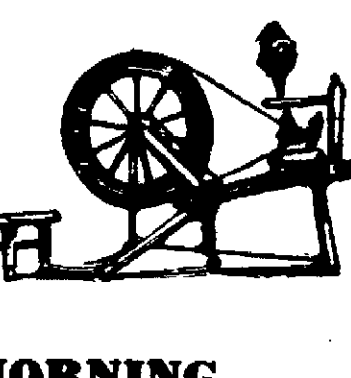

Conserving Force of Major Portion of the Organization.

Many persons who are reasonably well informed on the Y. M. C. A. work as that is exemplified in various institutions, classes and other activities, are not clear in their minds concerning the part which the State Committee plays. The State Committee, however, is the conserving force of the major portion of the Y. M. C. A. work. An unfortunate lack of funds prevents the Y. M. C. A. in many places paying for the services at the rate commensurate with the talents which the work demands. As a natural result positions of secretaries, educational secretaries, etc., are continually open because as soon as the young men have demonstrated their ability in these lines, they are

called to other and more profitable fields of work.

It devolves, then, on the State Committee to supply these places temporarily and help them in every way in getting the needed man to fill these positions permanently.

To a large extent this new talent is recruited from the College Y. M. C. A. work and field, in which President Emory W. Hunt of Denison University has been particularly active and peculiarly successful. Many young men just leaving college are filled with the spirit of enthusiasm fresh for their work and equipped in every way to take hold of the activities which particularly engross young men and the Y. M. C. A.'s generally. They are willing to take this work for very small salaries which for the most part they could not think of accepting for any great length of time.

This is only one of many of the activities of the State Committee, but it is the one which, if no others existed, in the judgment of the Y. M. C. A. workers, amply justifies its existence and makes all the local associations gladly contribute to its support.

The State Committee is now engaged upon a plan which it is hoped will put its business operations upon a business basis and enable it to continue and increase in the unquestioned field of usefulness it now occupies.

CONSUMPTIVE SYMPTOMS

Removed by Vinol—A Genuine Case Reported from Newark, O.

Newark, O.—"About two years ago my wife was in very poor health. For three months she suffered from a bad cough which had settled on her lungs—she was run-down, reduced in flesh and had all the symptoms of consumption. She began taking Vinol, and before the first bottle was gone she was improved in health—before she had finished her third bottle, her cough was gone and she was well."

"We cannot say too much in praise of Vinol.—N. L. Stebleton." (We guarantee this testimonial to be genuine.)

In pulmonary trouble Vinol shows its power for good. It goes to the seat of trouble, heals the inflamed surface and cures the cause of the cough.

In hundreds of cases where cod liver oil and emulsions have failed, Vinol has succeeded because it contains all the curative value they do—but its good work is not retarded by useless grease and oil.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.—F. D. Hall, Druggist.

UNION CARPENTERS TAKE NOTICE

There will be a special meeting of the Carpenters' Union, Local No. 136, Tuesday evening, Nov. 8, at 7 o'clock, to vote on the proposed amendments to the constitution. As some of these amendments are of great importance, every member should be present. Ad. W. W. LITTEEN, Rec. Sec.

If you don't vote a straight ticket be sure to place an X mark in the space to the left of every name for whom you wish to vote.

Will any Republican paper in the state point out one sentence from any speech of Warren G. Harding that even made an admission that George B. Cox has been guilty of any dishonesty or corruption?

WHY IS IT?

The scab circular issued and distributed by the wholesale over Licking county by the Republican Boss Committee, vilifying every candidate on the Democratic county ticket, contains this paragraph in the assault made upon Phil B. Smythe, the Democratic candidate for Prosecuting Attorney:

"Why did Governor Harmon insist upon the Attorney General being represented in all these proceedings, (the prosecution of the lynching cases.) And why was he unwilling to trust the matter to Mr. Smythe?"

This statement as to Governor Harmon is absolutely false. In view of the failure of the Attorney General's office in the canal graft and other state scandals, and the failure in the Springfield and Columbus riots, it would be impossible for the Governor to have any such confidence as is claimed in this scab circular.

But if the above were true as to Governor Harmon, WHY IS IT that these same Republican bosses have been assailing and traducing the Governor all through the campaign as bitterly as they have assailed Phil B. Smythe?

So far as the office of County Clerk is concerned, one only has to consider what a painstaking, faithful, capable official County Clerk Edwin Larason has made to conclude that one good term deserves another.

C. L. Riley, Democratic candidate for County Auditor, is thoroughly equipped to carry on the duties of that most important office, having filled it to the satisfaction of all the people to one term. He will be re-elected by an old time Democratic majority, and the people will know that their interests are in the hands of an honest and capable man.

"A Pill in Time"

Is worth nine"—especially if it be one of Wood's Pills, and you take it when you suspect your treacherous liver. You may save many a headache and constipation by promptly taking Wood's Pills. Whole lot, and one pill alone may prove worth the price.

James W. Rutledge will make the sort of a County Treasurer that the people of Licking county will be highly pleased with in office. Not only competent and wholly reliable, but accommodating to all the people who go to the office to transact their business.

In E. W. Wymen, the Democratic candidate for Coroner of Licking county, will be elected to the office by a majority that will take the breath away from those of the other side. In aiding his election you are contributing to placing in the office a gentleman who thoroughly understands the duties of coroner, and who will be ready and willing to respond at all times to the call of duty.

For Probate Judge no one in the county could possibly be elected to the office that would perform the duties of Judge of the Probate Court with greater ability or more efficiency than Robbins Hunter. He has demonstrated during the short time that he has filled the office that he is able to preside over the court in a manner that is highly satisfactory to the people of the county, and creditable to himself. Judge Hunter has already given evidence that he will be one of the most popular Probate Judges ever elected to the office in Licking county.

The people of Licking county want a man elected to the office of Representative, who will look after their interests in the legislature and represent them as a good representative should do, and in Hon. W. D. Fulton, the Democratic candidate for Representative, the people have an ideal candidate. He is one of the brightest attorneys practicing at the Licking county bar, and is in every way fitted to fill the office in a manner that will reflect credit on the people of Licking county. When you cast your ballot on Tuesday do not forget to vote for W. D. Fulton for Representative.

The Prosecuting Attorney is often called upon to try important law suits of a civil nature in behalf of the county and to prosecute in behalf of the great state of Ohio criminal cases in which he is opposed by lawyers of the greatest skill and experience. He ought to be a skilled trial lawyer. In Phil B. Smythe, prosecuting attorney, the electors of the county have a prosecutor to fill the bill. Keep him where he is.

Frank Slabaugh, during the short time he has filled the office of Sheriff of Licking county, has given evidence that he is the right man in the right place. When he took charge of the office he did so with the confidence of a veteran, and thus far has filled the office in a manner that has won for him golden opinions from people in every part of the county. This is one of the most important offices in the county. Vote for Frank Slabaugh.

J. M. Farmer, Democratic candidate for County Recorder, will win in the election because he has won the approval of the people by faithful and efficient service.

There is one institution in Licking county to which the Advocate wishes especially to call the attention of its readers. This is the Licking County Infirmary. The Democrats have as their candidates Messrs. James Redman, Frank B. Dudgeon and Peter Brubaker, who are asking a re-election at the hands of the people of the county. They have been painstaking and diligent in the discharge of their duties during their first term in looking after the interests of the poor unfortunates who are under their charge, and they will conduct the affairs of the institution in the future, as in the past, in an economical a manner as possible.

If you want a continuance in the office of County Commissioner, why then you will retain all the members of the present board, being Messrs. Joseph Brownfield, S. I. Tatham and G. T. Tavener. They have all made most courteous, competent and obliging officials, and they have performed the responsible duties of the office faithfully and honestly. What more can you ask. What more do you hope for? They are all men of ability and are at all times found at their post of duty ready and willing to attend to the business of the public. They are all deserving of a second term. Let all their friends contribute what they can to help boom their candidacy.

THE REPUBLICAN BOSS SCAB CIRCULAR

A scab circular, too indecent to be printed at an office where union printers are employed, has been peddled all over Licking county by local Republican bosses and candidates, maligning the candidates on the Democratic ticket with shameless falsehoods.

Being a scab circular it does not carry the union label, and this alone shows its character.

This scab circular is one of the methods that have been adopted by the Republican candidates peddling it over the county, having the effect of injuring our fair city and making its good name a by-word and a place to be shunned by decent people.

If intelligent people were to be influenced by the slanderous vituperation and the blackguardism of this scab circular against the Democratic candidates, every business interest and every branch of union labor in our city would be a sufferer.

The proper thing for every good citizen of Newark to do is to vote to condemn such methods of personal political warfare when he votes tomorrow.

MAKE GOOD TOMORROW

Remember this when you go into the booth to mark your ballot: GOVERNOR HARMON HAS MADE GOOD.

Will you make good by voting to keep Governor Harmon on the job of state house cleaning two years longer, and give him the assistance of the rest of the candidates on the ticket and a legislature with a Democratic majority in both branches in place of the present Republican legislature which did all in its power to hinder instead of help?

The attempt to shield and excuse g. o. p. graft put forth by Mr. Harding and his campaign promoters with countercharges faked up against Democrats for campaign purposes is sufficient indication that if Harding and his ticket are elected the 56 graft indictments pending and suits for a quarter of a million, with claims for a quarter of a million more will be hushed up and abandoned as quickly as possible after the change of administration.

If you want the house cleaning begun by Governor Harmon to go on until it is finished, vote for him and his entire ticket, and vote for the Democratic candidates for Representative and State Senator in this county and Senatorial district.

MR. ROOSEVELT'S REGRETABLE SPEECH

(Columbus Dispatch.)

While Mr. Roosevelt has been attacking the Democratic candidates for governor in New York, Massachusetts and other states, charging them with being unjust judges, crooks or agents of the interests, as the occasion required, it was hoped that he would be able to spend a brief half day in Ohio without maligning the character and assailing the integrity of Governor Harmon. But Mr. Roosevelt has not spared the Governor of Ohio. At Toledo, Saturday, Governor Harmon was assailed as were the others.

But Mr. Roosevelt cannot injure the good name of Governor Harmon nor the high esteem in which he is held by the people of Ohio. The people of this state, whatever their political affiliation, however they may differ with him in public policy, respect Governor Harmon as a man of honor and a public official of integrity. They cannot be convinced that the Governor is a man of evil character or view with complacency an allegation so wholly indefensible, offensive and false.

DOUBLE DEALING TRICKERY

To the Editor of the Advocate:

I have received two anonymous campaign circulars, one professing to be from the Personal Liberty League and ostensibly supporting Harmon, but evidently intended to injure him and favor Harding. The other claims to be from some "League of Independent Voters" and contains an "unofficial ballot" marked in favor of Harding, Archer and Denman. The envelopes bear evidence that both were printed and directed in the same place, though one was mailed in Columbus and the other in Cincinnati. They are both evidently dishonest attempts to injure Harmon, not emanating from the organizations which they claim to represent. No voter should be misled by such desperate trickery on the eve of election.

Granville, O., Nov. 7. W. W. JOHNSON.

Every business and professional man is interested in the sheriff's office, and they are interested in not having it used by any than the most efficient. Frank Slabaugh will be elected and he will see that the office is run in the interest of the people.

There has been nothing underhanded in the campaign made by the Licking county Democrats this year; everything has been open and above board. As much cannot be said of the other side.

Phil B. Smythe is a young man whose purpose in asking a re-election to the office of Prosecutor of Licking county is to "make good" by giving the best there is in him to the public service. As there is so much good in him his ability and candidacy gives guarantee that he will fill the office with the same degree of efficiency in the future as he has in the past.

The Democrats are proud of their state and county ticket, and they have good reason to be. Look it over and don't overlook voting for it straight.

The Democratic meetings held throughout Licking county have been very successful. The people have attended them in great numbers and have been very enthusiastic, more so than in any political campaign for many years. They are interested in the issues in the county, district and state. Their interest presages Democratic victory, as all that is necessary to bring that result is to have the people awake to the issues and have them sufficiently interested to study the candidates. The Democrats urge a comparison of the Republican and Democratic votes and a big Democratic victory.

Why didn't President Taft send Ballinger along with the other trust lawyers in his cabinet to make campaign speeches in Ohio at the close of the campaign? Isn't Ballinger as good as the rest? Are the rest any better than Ballinger? President Taft surely must think a lot of Ballinger that he could not spare him long enough to make a speech or two in Ohio.

THE ENQUIRER STRAW VOTE

The Enquirer's straw vote makes the following showing today: Harmon, 11,516; Harding, 6,941; Socialist, 658. Changes, Democrat to Republican, 1,767; Republican to Democrat, 1,883.

The time is short. The election reveille is sounding. If you are going to enlist with the cause of decent government; if you are going to respond to the call to arms in the war against greed, graft, corruption you've got to be making up your mind just what you are going to do at the ballot box Tuesday.

Mr. Edwin Larason is not only accommodating to every person who has business at the Clerk of the Court's office, but he knows HOW to render the favors the people may want because of his familiarity with his legal duties and every record and detail of the office.

SOUNDS SO SIMILAR

"Graft charges declared fizzle," and "failure of Marker to make his case," and "none of the nine charges of canal graft preferred by Chief Engineer Marker of the state board of public works, which had been investigated during the two weeks hearing have been sustained," says a Republican paper.

Or course! Same kind of talk we heard in the campaign two years ago about graft charges that were pointed out then.

Easy to see why such claims are made this year. And if Harding and his ticket win out Tuesday you can bet on it that Chief Engineer Marker's charges will not only be declared a fizzle, but will be hushed up and abandoned just as soon as the old state house ring, regains possession of the capitol.

Is that what you want? That is what you will vote for if you vote for Harding and his associates on the 4. o. p. state ticket.

The John M. Wilson of Newark township, is not the man who is running for County Commissioner on the Republican ticket. The Republican candidate for County Commissioner is John Wilson of Mary Ann township.

DO NOT LOSE YOUR BALLOT

Placing an X in the circle under the rooster votes a straight Democratic ticket. Should you desire to vote a mixed ticket place an X in front of each candidate you desire to vote for. In this manner no mistake will be made when you cast your ballot.

OUR SENATORS

Cheering reports come from all the counties of the district in favor of the Democratic candidates for Senator, Charles W. Miller and William E. Haas. They have both made a canvass that is to their especial credit, wholly honorable and square in every particular, which is in absolute contrast with the unfair and unjust fight that has been made against them. For this reason and the fact that they stand for freeing Ohio from the disgrace of another six years of Charles Dick in the United States Senate, they should be and will be elected by decisive majorities.

Harding Praised Cannon.

Praising Speaker Cannon for his arbitrary control of congress, Mr. Harding said in his paper, December 4, 1909, less than a year ago, "much of the talk about the speaker's arbitrary powers is claptrap." At another time, approving Speaker Cannon's assertion of the right of the stand-patter majority to rule over Democrats and Insurgent Republicans, Mr. Harding said in his paper, "right you are, Uncle Joe, and it is one of the most highly centralized and perfectly unified majorities that ever came down the legislative thoroughfare."

And a stand-patter who can say such things of Cannon expects progressive Republicans to vote for him for governor of Ohio.

Are You Being Fooled?

The State Republican committee thinks it has been cleverly feeling you all along about Dick by keeping silent on his candidacy and making no announcements of his speaking engagements.

But Dick has been on the stump all the time. Tuesday, October 25 he was in Columbus accompanied by his private secretary and had a conference with State Chairman Laylin of the Republican committee after which, according to newspaper reports at the time, Dick declined to make any comment about Garfield's opposition to his candidacy. "He said he did not want to say anything that would cause further discord in the party," according to one paper, but "after the election he might have something to say."

Dick has personally bossed the Republican state literary bureau, from whence has emanated the personal abuse of Governor Harmon.

He has kept headquarters in Columbus for the distribution of his campaign funds to elect Republican Senators and Representatives who will vote for him for another Senatorial term.

HARDING'S QUIXOTIC BLUNDER

Business men of all political beliefs have noted with as much chagrin as amazement what Mr. Harding has had to say about "tax dodging" by Judson Harmon as receiver of the C. H. & D. railroad.

Because the C. H. & D. was financially embarrassed in 1904 Judson Harmon was appointed by Judge Lurton of the United States court at Cincinnati to take charge of its affairs as receiver. If the road had not been insolvent it would not have been placed in the hands of a receiver. The best evidence of the fact that the C. H. & D. was insolvent is that it was in the hands of a receiver at the time referred to by Mr. Harding.

As an officer of the court Receiver Harmon made regular reports to the court every three months, or quarterly. At the end of a quarter the report would show the amount of cash on hand that had been acquired since last report. At the beginning of the ensuing quarter the cash accumulated over and above operating expenses would be checked out upon the payment of the road's indebtedness. Therefore, although there may have been a cash balance of \$157,456 at the end of March, 1909, as cited by Mr. Harding, this money would have been applied upon the debts of the road long before the returns for taxation were made in May.

It requires no argument to show that the cash on hand certified to at the end of each quarter was not the cash balance of a solvent corporation. In no sense could it be considered a surplus as an asset. If Receiver Harmon had returned such cash for taxation so long as there was a dollar of indebtedness he would have paid taxes not on the assets of the C. H. & D. but upon its indebtedness. And any sensible business man knows what a court would do to a receiver who knew no better than to pay taxes upon the indebtedness of the corporation for which he was officiating as an officer of the court.

It is for that reason that business men are saying among themselves if Warren G. Harding has no better knowledge of business affairs than that he is not competent to be governor of Ohio.

Mr. Harding has also tried to make it appear that Mr. Harmon as receiver withheld bonds of subsidiary roads that had been acquired by the C. H. & D. and made a part of its system. It is well known how some of these small railroad projects have been financed, how stocks and bonds thereon, issued in large amounts, remained unsold. When these subsidiary roads were purchased by the C. H. & D. their bonds became liabilities instead of assets from the fact that the C. H. & D. assumed all obligations of its subsidiary lines. A receiver who would know no better than to offer to pay taxes upon liabilities would not last long in any responsible court.

Thus Mr. Harding's attempt to make capital out of the record of Judson Harmon as receiver of the C. H. & D., a record under the constant scrutiny and finally approved by the same United States judge who named Harmon to act as receiver, and the same judge whom President Taft appointed a supreme judge of the United States only a few months ago, has turned out to be a Quixotic fiasco.

Not only is Mr. Harding being roundly criticised in business circles for making such a ridiculous blunder, but Chairman Laylin is coming in for a share of this criticism for permitting the candidate whose campaign he is managing to make such a spectacle of himself.

PARAMOUNT ISSUES

(The Commoner.)

A word to Democrats: The election is at hand; on Tuesday, November 8, the people will decide at the polls whether the next national house of representatives (congress, as we generally say) shall be Democratic or Republican. Be sure that your vote counts on the right side. There may be districts in which a reactionary Democrat has been nominated against a progressive Republican. In such case, if the Democrat is really the Wall Street type and the Republican is a sure enough progressive, the progressive is the better man, but in nearly every case it will be found that the Democrat stands for more ad-

vance than the Republican candidate—he is certain to stand on the last Democratic national platform.

A Democrat, a good Democrat, is in position to render more service to the people than any kind of Republican. First, he will have no questions of patronage to embarrass him. Second, he will be under no obligation to stand by the administration. Third, he will vote for a Democratic speaker—Champ Clark being the only Democrat thought of for the place. Fourth, he will be one to investigate the use which the Republicans have made of their power. Fifth, a Democrat—a good Democrat—will stand for the election of senators by the people, for an income tax, for tariff reduction, for the prevention of trusts, for the purification of politics, for needed labor legislation, and for a conservation which will respect the interests of the states. He will stand against the national incorporation of railroads, the national incorporation of trusts, the central bank, the ship subsidy and all other schemes which are pushed by the representatives of predatory wealth.

Make no mistake about your congressman. While it looks as if the Democrats would have a considerable majority in congress still it may be so close that one congressman may decide it—and your vote may decide the congressional election.

In some of the states a senator is to be elected—some thirty-three altogether. These have to be elected through legislatures. Watch your legislative elections. In some states national and local issues may conflict, in such cases one set of issues must be paramount—the national issues should be regarded as paramount. National issues affect ninety millions of people and a mistake made at Washington is harder to correct than a mistake made at the state capital. Take no chances on a plutocratic senator; we need more Democrats in the senate—simon pure Democrats who can be relied upon to represent the people in their struggle for justice and equality of opportunity.

After declaring that he would not stoop to mud-slinging and that if any mud was thrown in this campaign Governor Hapgood would have to throw it. Mr. Harding started in throwing mud with both hands and has kept it up ever since. The tax dodging and rebate charges in connection with the C. H. & D. railroad receivership was the last batch of mud mixed up for Mr. Harding to throw, and business men all over Ohio are laughing at the clumsy manner in which Mr. Harding succeeded only in bespattering himself.

Daddy's Bedtime Story—The Clever Little Teddy Bear

Once upon a time, said daddy, "a little woolly Teddy bear named Bunk found himself all alone in a big, dark closet, and he felt very sad indeed, for his mistress cared to play with him no longer. You see, her papa had bought her a doggie, and so she threw Teddy aside and just romped all the time with her new friend. Oh, how lonely Bunk felt! As the days passed and no one came to release him he cried and said: "Why don't those fairies that Ethel's grandma is always telling her about come and let me out, if they would only put some life in me I'd soon show my mistress that I can play far better than that silly little dog. Why, all he can do is to sleep and drink milk. He's a regular know nothing."

"Well, kiddies, finally a good fairy took pity on the lonely Teddy. She waved her wand three times, opened the door of the closet, and out popped Bunk, the liveliest and happiest little fellow you ever saw. Oh, how good it felt to be alive! He was dancing around the room and cutting all sorts of capers when who should come in but the doggie, whose name was Gyp.

"Who are you?" asked the doggie.

"Why, I'm Bunk," said the Teddy bear, "and I'm going to show our mistress that a dog is not one bit amusing."

"Oh, pigs and pickles," said Gyp angrily. "I'll show you some tricks that will open your eyes. Look here, old dog!"

"The doggie then lay down on the floor, kicked up his heels and then proudly got up and waited for the little bear to praise him.

"So that's what you call a trick, is it?" laughed Bunk. "Goodness me, but you are the silliest dog in the whole world. Here, watch me!"

"Then the Teddy bear leaped on the piano, where he stood on his head, danced on one leg and did all sorts of cute things. When he had finished Gyp said he could do even better than that, but when he tried to leap up on the piano he only landed on the keys and made such a racket that every one in the house came running to see what was the matter. Ethel's papa was very angry when he found Gyp on the piano, and he picked him right up by the tail and said:

"Well, when a dog thinks he can play the piano it's about time to get rid of him!"

"Ethel was about to burst out crying when she saw her Teddy bear standing on his head, and she picked him up and hugged him so tight that he could hardly breathe. And after that they played together and were happy all the rest of their lives."

The Doctor's Answers on Health and Beauty Questions

By DR. THEODORE BECK.

The questions answered below are general in character; the symptoms or diseases are given and the answers will apply to any case of similar nature.

Those wishing further advice should address Dr. Theodore Beck, College-Elliott-Block, Dayton, Ohio, enclosing self-addressed, stamped envelope for reply. No questions will be answered unless full name, address, and name of the newspaper in which the question was published are given. The prescriptions can be filled at any well stocked drug store. Any druggist can order of wholesaler.

Anxious Gertrude.—It must indeed be embarrassing to be short of stature and have but a measurement of 46. You can reduce the fat wherever prominent by the use of the following: **Chloride of Potassium**, 10 grains, **Glycerine**, 10 grains, **Mix and take** 10 grains 3 or 4 times a day.

For the first three days take a tea-spoonful before or after meals and thereafter take two. I do not know of anything better and safer to reduce subcutaneous fat.

Dr. A.—I am certainly not skeptical and I know that a poorly developed body can be increased by proper treatment. You should not be discouraged. Try this: **Fluoride Cadomene**, Comp. (Dr. Cadomene), 10 grains, **Glycerine**, 10 grains, **Mix and take** 10 grains 3 or 4 times a day.

Why Buy Bottled Mineral Waters?

A More Economical Way is Found in POTOTSOTE—The Condensed Mineral Water.

The value of mineral waters is only in the solid substances they hold in solution. Pototsote is the solid substance of the world's most celebrated mineral waters. Dissolve a teaspoonful in a glass of water and drink it just as you would at the springs. This insures a palatable, always fresh, convenient, economical mineral water. POTOTSOTE comes in a small package convenient whether at home or on a journey. Each package equals five bottles of mineral water.

If you once learn to know POTOTSOTE you will never again buy bottled waters. Quality, convenience and cost are all in POTOTSOTE's favor.

REPLY IS MADE TO MINORITY APPRAISERS

Messrs. F. M. Swartz, W. A. Fleming, W. M. Shamp, Geo. H. Fromholtz and Paul Wareham unite in making the following reply to the minority report of the Board of Real Estate Appraisers submitted Saturday by Ernest T. Johnson and D. W. Hayes. Their reply says:

In the local evening papers of Saturday last there appeared an article headed "Minority Report of Board of Appraisers," which article was signed by Messrs. Ernest Johnson and D. W. Hayes, and which purported to be a minority report of the Board of Appraisers of the City of Newark, O., and was alleged to have been properly filed with the Auditor of Licking county, Ohio.

On account of the gross misstatements in said article and the various subtle innuendoes and baseless false charges that said article contains, we, the majority members of said board, have concluded that we cannot afford to be vilified throughout the city of Newark by such falsely malicious statements, and we therefore take this means of replying to the charges made by Messrs. Johnson and Hayes, and of informing the public of the true facts of the matter.

It may be well in the beginning to state that the record files of the auditor's office fail to show any such report ever to have been filed or to have been presented to the auditor or any of his deputies up to this time.

It is further significant that at no time during the seven months that the board was in session did Messrs. Johnson and Hayes ever present a minority report to the board as organized, nor did they at the conclusion of the board's labors, present such a report. Nor did they at any time prior to that advise the board that they would attempt to file such a report, or that the work as completed was not satisfactory to them. We therefore feel that the action of Messrs. Johnson and Hayes in giving their purported minority report to the newspapers before they submitted it to the board, and indeed before it had ever been filed with the auditor, the officer authorized by law to receive it, evinces on the part of Johnson and Hayes a greater desire to gain notoriety than to properly discharge the duties of their office.

The statement that Mr. Shamp without authority removed all cards upon which the official figures had been placed by the board, and that Mr. Shamp had destroyed the figures placed there originally, and had substituted therefor figures of his own making, are absolutely untrue. The further statement that Mr. Shamp did so without keeping a record of the changes made is also absolutely false. The facts in the case are as follows:

After the greater portion of the work of the board had been completed, it was found to be the opinion of the board that certain property in East Newark had been appraised at too high a price when compared with the later appraisals of property in the center or business section of the city. It was therefore determined by the board that a reappraisal of said East Newark property should be made and at that time Messrs. Johnson and Hayes agreed to go with the board to East Newark and assist in making such reappraisal. But afterward Johnson and Hayes refused to accompany the members of the board to East Newark and declined taking any further part in the proceedings of the board relative to the East Newark valuations. The board then made such alterations as they thought fair and equitable in the valuations of said property and that work was then approved by the board as a whole. Neither Mr. Johnson nor Mr. Hayes at that time took any exception to the action of the board in appraising said property, nor have they up to the present time filed any objection.

It is stated in the report of Messrs. Johnson and Hayes that five lots belonging to Mr. Shamp were appraised unfairly. We feel that it is only fair to Mr. Shamp to say that at the time of the appraisement of his lots he stepped aside and had no voice in determining the value of the same. And this action on the part of Mr. Shamp was not demanded by the board, but was of his own volition. So far as the appraisement of Mr. Shamp's property is concerned, we can only say that we, under oath, placed a value on said property that we believed at the time and now believe is correct, and that no favor of any kind was shown Mr. Shamp in fixing the amount of the appraisement of his property and the appraisement so fixed is as high as that

of any other property of like location and value. Not only this, but we feel hesitancy in saying that Messrs. Johnson and Hayes, for some inexplicable reason, insisted on placing on Mr. Shamp's property a valuation not only greater than that of any other like property on said street, but far above its true value.

We are frank to admit that the statement in the beginning of each book of appraisement that the rate of taxes cannot exceed 15 mills or \$1.50 on each one hundred dollars of valuation, is incomplete in that it does not add "plus the sinking fund rate in the cities." This, of course, is an inadvertent omission in making up the records, and does not, we feel, reflect any discredit on any of the board. We do not feel like charging Messrs. Johnson and Hayes with any dishonesty or gross neglect of duty on account of this omission, and we believe we are entitled to the same consideration from them.

Messrs. Johnson and Hayes further seem to be greatly alarmed because the property in East Newark is not appraised as high proportionately as that in the center and northern portions of the city.

We would first suggest to the gentlemen that if they make a correct estimate of the number of parcels in East Newark they will find that they are about 200 off. If this error is rectified the discrepancy will not appear as great as it does in their report and the valuations in East Newark will be correspondingly higher per parcel than they have reported them.

We may say in reply to this that the values in East Newark ought to be lower than other portions of the city for apparent reasons. The population of East Newark is made up largely of laboring people. Their homes are not so pretentious as those of the citizens of the northern and western parts of our city and therefore, should not be valued as highly. A great portion of East Newark lies between the south side of East Main street and the south corporation line, is in close proximity to the B. O. railroad shops and naturally is not worth the more favored portions of the city are. The business district of East Newark is not as valuable as the business district of other parts of the city because it is other part further from the center of population. In addition there are a number of vacant lots on which a low valuation must be placed. Further, the east corporation line is much further from the center of population than any other corporation line of the city, and East Newark has its greatest width at the furthest distance from the court house. Furthermore East Newark has fewer factories than any other portion of the city and a great many of its buildings are old. In business blocks East Newark has made less improvements than any other section. Further investigation shows that ten years ago East Newark property was appraised higher proportionately than any other portion of the city. For these reasons we feel that no injustice was done the second, third and fourth wards in thus placing the values in East Newark lower. We note that Messrs. Johnson and Hayes at this time offer their services to the board for the purpose of correcting the evils they complain of.

Our only regret is that their services were not as readily tendered when the board was in active operation and when their help would have rendered their present position unnecessary. We regret that they didn't some months ago shed on the subject the light that they now seem so anxious to give.

In conclusion we may say that no man's property has been appraised too high or too low through fear, friendship or favor. That in a new work of this kind some errors are bound to creep. That cannot be helped. We have done our duty conscientiously and are willing to submit our work to the people of the city of Newark for approval.

Respectfully submitted,
F. M. SWARTZ,
W. A. FLEMING,
W. M. SHAMP,
GEORGE H. FROMHOLTZ,

DROPS DEAD WHILE WORKING ON THE STREET

Frank Hiltabedel Succumbs to Heart Trouble on Serooco Street Monday Morning.

Frank Hiltabedel, a well known resident of this city, aged 55 years, and living with his mother, Mrs. Hannah Harrington, at her home 171 Jefferson street, dropped dead on Serooco street at an early hour Monday morning.

The deceased who was aged about 55 years was well known in Newark, having in the old days worked on the Ohio canal for years. When that position became impossible on account of the decadence of business on that source of transit, he worked as a section man on the Baltimore and Ohio and the Panhandle railways.

Some two or three weeks ago he became ill and quit his job on the Columbus and Newark division and began treatment for heart trouble. Monday morning he arose feeling as well as usual and went to work for the city on Serooco avenue. He had just pitched the first shovel full of dirt into a wagon and had turned to pick up another shovelful when he fell dead without speaking a word to any one.

The deceased made his home with his mother at 171 Jefferson street, and a peculiar fact in connection with the matter is that his mother made a home for his divorced wife, who is an invalid.

The remains were taken to the Criss

BREAKS RECORD IN FLIGHT FOR COLUMBUS STORE

Columbus, Nov. 7.—The first purely commercial flight in the history of aviation ended at 11:50 today when Aviator Parmelee, in a Wright biplane landed at the driving park with a consignment of silk for a local ascender.

He ascended at Dayton at 10:40 this morning and made the flight at an altitude of 1,000 feet in 1 hour and 10 minutes. Parmelee says he flew about 65 miles. This would make his average speed 62 miles an hour, breaking the world's cross country speed record.

justice was sent to meet the formidable array of council which such a company always puts forward. He managed the case so well that the judge set aside his own injunction.

"Not a particle of evidence was taken, yet the judge went out of his way to whitewash Morton.

He was a judge after Mr. Roosevelt's own heart. As soon as he had dealt out justice after this fashion, the judge went off to Florida, in the private car of the attorney of the railroad company.

"Mr. Roosevelt and his attorney general thereupon exchanged congratulations by letter because the government had lost the case. Morton soon afterward resigned to become president of the Equitable Insurance company and took with him as treasurer at \$25,000 per year, the assistant attorney general who had charge of the injunction suit, when Mr. Judson and I made our investigation and report.

"The full correspondence has been officially published but Mr. Roosevelt did not care to consult it before talking about it. He always says what suits his purpose and if this does not agree with the facts, why so much the worse for the facts. "I should say in view of Mr. Roosevelt's comments, that I had nothing whatever to do with Mr. Powell's telegram and did not know of it until I saw it in the papers to-day.

"The colonel's trouble seems to be that Mr. Morgan was the chief stockholder in the C. H. & D. railroad and his relations in that quarter do not seem to be so happy, as they were when he agreed to and did 'wink' a la Harding, at the open violation of the anti-trust law by the steel trust's purchase of its chief rival, the Tennessee Coal & Iron Co. "It made no difference to me who the stockholders of the C. H. & D. railroad were. I was a court officer sworn to do my duty towards all concerned and I simply did it and nothing more.

"The colonel is concerned, too, about my salary as receiver during the short time the court insisted on my serving, after I became governor. What does he think I should have done?

"At any rate I have not charged personal bills as state expenses, as he repeatedly did, which was one of the reasons why he was the costliest, as he was the noisiest, man who ever held the offices he has held.

"The colonel evidently thinks he can deceive the electors by dashing off reckless statements as he rattles through the state at the very end of the campaign, but he cannot fool the people of Ohio any of the time about their own business as concerning which they are fully informed and of which he knows nothing at all."

QUAKE FELT AT GOLDFIELD.

Goldfield, Nev., Nov. 7.—A sharp earthquake shock was felt here yesterday. Its duration was 12 seconds. With the exception of the breaking of a few windows and dishes in residences no damage has been reported.

WILL RESUME MEETINGS OF BUSINESS MEN

Plans for the first meeting of the Business Men's club this season have been completed by President F. L. Beggs, and the first session of the year will be held in the Plymouth Congregational church basement on the night of November 18.

Mr. Beggs has secured as the principal speaker of the evening Charles Frederick Adams, of Brooklyn, N. Y., who will have for his subject "Des Moines' Plan of Commission Government for Cities." Mr. Adams has made an exhaustive study of his subject and is competent to present his facts in an interesting and entertaining manner.

A subject of paramount importance to the people of Newark will be spoken of by William Allen Veatch, who will have as his subject, "The Subway." Mr. Veatch will show that the proposed subway under the railroad tracks at Second street can easily be constructed and without great expense. He will also show that the subway that has been agitated for some time is practically a necessity and that it is an improvement that should be made as soon as possible.

The club, which was organized last year, proved of interest to the business and professional men of the city and the meetings were always well attended. This year the speaking programs will probably be more elaborate than ever and of interest to the men of Newark.

HUSBAND

AND LITTLE ONES GREETED BY SMILE FROM WOMAN APPARENTLY DEAD.

Delivers a Message to Each, Lapses Into Unconsciousness and Passes Away.

Pittsburg, Nov. 7.—Already pronounced dead by attaches of the Allegheny General Hospital Sunday afternoon, Mrs. John Finley of 21 Yale street, came back to life at the frenzied call of her husband and little children. She smiled at them, called each by name, kissed all farewell and in three hours was dead.

Mrs. Finley, who was the mother of seven children, was badly injured some days since while moving some furniture, and was taken to the hospital. Shortly after noon yesterday she took a sinking spell and in a few minutes lay seemingly dead. She was pronounced dead by the hospital attaches, and a hurried call was sent for the husband and children. Finley, with his family, came rushing to the hospital and burst into a loud cry, calling her by name to come back to him. The woman, who had been pronounced dead, was seen to move, and as the nurses stepped back she opened her eyes and smiled at her husband and little ones who crowded around the bed.

The woman so miraculously checked on the brink of the grave told her family that she was dying, and to each one gave a message and soon lapsed into unconsciousness, from which she could not again be roused.

That "square deal" which Harding is going to give to George B. Cox, after he is elected, means complete protection for the Cox graft.

Another Woman Cured. Glenwood, Iowa.—"About three years ago I had falling and other female troubles, and I was nothing but skin and bones. I was so sick I could not do my own work. Within six months I was made sound and well by Lydia E. Pinkham's Vegetable Compound. I will always tell my friends that your remedies cured me, and you can publish my letter."—Mrs. G. W. DUNN, Glenwood, Iowa.

If you belong to that countless army of women who suffer from some form of female ill, just try Lydia E. Pinkham's Vegetable Compound. For thirty years this famous remedy has been the standard for all forms of female ill, and has cured thousands of women who have been troubled with such ailments as displacements, fibroid tumors, ulceration, inflammation, irregularities, backache, etc.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

ATTRACTION FOR OPENING OF AUDITORIUM

Newark's legitimate theatrical season will open November 16 with a big musical show, "A Winning Miss," with Max Bloom as the principal fun maker, and as the show is touted as one of the best of the present season capacity business is expected.

Mr. M. J. Sullivan, the new lessee, was in Newark, Saturday and Sunday, making arrangements for the opening of the Auditorium theatre, and he is confident that he will be able to give the people of Newark a list of shows that will appeal to them, and to this end he has secured for the opening attraction "A Winning Miss."

Mr. Sullivan will send his present manager at Marion to Newark to look after his interests, and in Mr. Shay the new owner is confident he has secured a man who will do his best to please the patrons of the theatre.

It is the plan to run a week of repertoire shows every month, and the best road companies will also be booked. Besides the stock productions the best of the "big stuff" will be booked, although it is late in the season to secure attractions. Mr. Sullivan books for several cities in the state the size of Newark, and some that are smaller and owing to this fact he will be able to supply the best of the different class of attractions, from the principal dramas and musical shows, to the melodramas and stock companies.

Mr. Sullivan is of the opinion that Newark can be made into a good show town, and he will give Newark good shows, productions that will appeal to different people, and it is now up to the public to show appreciation of the fact that the theatre is again to open by attending the productions.

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

We assure you that, if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded if it does not do as we claim. Two sizes, 50c. and \$1.00. Sold only at our store—the Rexall Store, Hall's Drug Store, 10 North Side Square.

The Tottering Political Machines

Another Masterful, Lucid, Political Article
By JUDSON C. WELLIVER

To understand politics you must read *near* political articles. A great moral movement is progressing through this country today and finding its expression in the reorganization of political parties. But the movement is so big, that only a lucid political thinker can make it clear to you. Mr. Welliver is—from all points of view—the best political writer in this country today.

His twenty years' experience provides him with the necessary knowledge to make clear in his November article the situation of the *political machines in every state* in the Union, and give a marvelously accurate picture of the national situation. BOTH REPUBLICAN AND DEMOCRATIC. Read it in

BIRTHDAY SURPRISE ON MRS. KELLER

Well Known Granville Township Woman Remembered by Friends.
College City News.

Granville, Nov. 1.—Saturday, Nov. 1, was the anniversary of the birth of Mrs. Margaret Keller, one of the most estimable women of Granville township, and a number of her friends, becoming cognizant of this fact, determined that it should be celebrated in a fitting manner. Accordingly they planned a surprise on her, and Saturday night they met at the home of one of the schemers and from there proceeded in a body to the home of Mrs. Keller, who lives several miles northeast of the village. They succeeded in invading the house before Mrs. Keller realized

what was going on and took complete possession. Mrs. Keller was so surprised that for a time she was unable to comprehend the nature of the visit, but finally realized that the invaders were her nearest and best friends, and then she realized that it was her birthday. After she had somewhat recovered from the shock occasioned by the invasion, she devoted herself assiduously to the task of entertaining her guests and a royal good time was had. Mrs. Keller was presented with a number of handsome and useful presents, which she will ever treasure as mementoes of the happy occasion. At a late hour in the evening a delicious supper was served, prepared from the baskets of good things brought by the guests. All who were present had a most enjoyable time, and when the party left for their homes, it was with the wish that Mrs. Keller might celebrate many more of her birthday anniversaries and that they might all be permitted to assist her in celebrating them.

The gas companies which supply Columbus and surrounding towns have been doing much development work during the past month and 22 wells were drilled in the Central Ohio gas field, consisting of Licking, Fairfield, Perry and Muskingum counties. Of these 18 were producers, with an aggregate output of 28,750,000 cubic feet daily. Licking county alone is credited with 15 gas wells and an aggregate of new natural gas production for the month of 19,256,000 feet. To show the development now under way in the gas field, it may be stated that on Nov. 1 there were 29 new rigs up and building, and 45 wells under way in the local district.

Mrs. Julia Powell, formerly a well known resident of Granville township, residing on North Granger St., died at the home of her sister, in Hebron, O., on Saturday, after an illness of some time. The funeral services were held at the Baptist church on Monday afternoon and the interment was made in the Maple Grove cemetery.

Mrs. Belt, the aged mother of Mrs. Hessin and Samuel Belt of this place, died Saturday at the home of her daughter, Mrs. Hessin, after an illness of some time with the ailments peculiar to advanced age, she being one of the oldest women in Granville township. The funeral services were held Monday afternoon and the interment was made in Maple Grove cemetery.

Miss Laura Boyles enjoyed a short but pleasant visit with Mr. and Mrs. Wm. Koch at their home in Hebron. After a short visit with relatives in the hills north of the village, Mr. and Mrs. M. F. Harris have returned to their home in Cleveland.

After a pleasant visit here, Mr. and Mrs. Lewis E. Thomas have returned to their home in Crestline, O. While here they spent the greater part of the time at the home of Mr. Thomas' brother, C. G. Thomas, north of the village.

There is a probability that in the near future the people of Granville may be furnished with gas at a much cheaper rate than it is proposed to charge them. A new company, in which a number of local men are interested, has been organized, including Mr. J. S. Graham, ex-county commissioner, and the contract for drilling a well on Mr. Graham's 200-acre farm has been awarded to Mr. Pearsall. The company will sink a number of wells in this territory.

The Ohio Fuel Co.'s well on the J. L. Brown farm, between Appleton and Johnstown, which has been drilling for some time, recently came in. It is estimated that the well is good for about 100,000 feet daily.

The George Lamson well No. 3 of the Columbus Gas Company, which was drilled in in the Knox-Licking field, and from which great results were expected, was quite a disappointment to the company, the output being only about three-quarters of a million

CHRISTIAN SCIENCE LECTURE TONIGHT

The citizens of Newark are to be favored this evening with a lecture at the High School Auditorium on a subject which is attracting the attention of thoughtful men and women everywhere, namely Christian Science. The need of the world today is a more practical Christianity and this is what Christian Science is offering. Comparatively few have discovered this need—and for those still seeking light, lectures on Christian Science have been arranged through a Board of lecturership, organized by the First Church of Christ, Scientist, Boston, Mass.

"George B. Cox shall have a 'square deal.'"—Harding's speech at Cincinnati.

LECTURE ON ELECTRICITY BY LOCAL MAN

A practical science lecture is to be given at the Y. M. C. A. building on Tuesday, November 15, at 7:15 by Mr. C. W. Koehler head of the power department of the Wehrle Co. The subject will be "Electricity" and tickets will be furnished free to working men and young men who may want to hear it. Mr. Koehler is a graduate of Rose Polytechnic of Terre Haute, Ind., and is a most competent man on this subject.

CATARRH

Quickly Cured By a Pleasant, Germ-Killing Antiseptic.

The little Hyomei (pronounce it High-o-mei) inhaler is made of hard rubber and can easily be carried in pocket or purse. It will last a lifetime.

Into this inhaler you pour a few drops of magical HYOMEI. This is absorbed by the antiseptic gauze within, and now you are ready to breathe it in over the germ-infested membrane, where it will speedily begin its work of killing catarrh germs. HYOMEI is made of Australian eucalyptus, combined with other antiseptics, and is very pleasant to breathe.

It is guaranteed to cure catarrh, bronchitis, sore throat, croup, coughs, and colds, or money back. It cleans out a stuffed-up head in two minutes.

Sold by Evans' drug store and druggists everywhere. Complete outfit, including indestructible pocket inhaler and one bottle of HYOMEI, \$1. And remember, if you need a second bottle of HYOMEI, it will cost only 50 cents. Free trial bottle of HYOMEI from Booth's Hyomei Co., Buffalo, N. Y.
